Subject: RE: [EXTERNAL] 2 Woodland Way Update

Louise – Thank you for the update. One of the conditions of the permit is for Jim to supervise the project and to coordinate inspections by me at the beginning, middle and end of the project. Getting started in September would be best. FYI, I will be away Oct. 5-14. I have copied the chair and vice chair to let them know about your progress. I will let you know whether this exchange will be sufficient or whether the Commission would like you to attend the meeting Aug. 29. My recommendation would be for you and Mr. McManus to come on Sept. 19 so we can all report the restoration project is underway. Our meetings are still on Zoom. Cheers Tom

Hello Tom,

I've been in contact with Jim. An agreement with a contractor has been made and the Contractor Compliance Agreement will be mailed to you.

Jim will be in touch with you to schedule the project kick off and inspection before the work commences.

We are looking at the 3rd or 4th week in September to begin.

Jim is not available to attend the Commission Zoom meeting on 8/29, however I can attend if deemed necessary.

**Kind regards,
Louise Ascher**
