

03/20/2020

Some new information as we head into the weekend.

Unfortunately, we have learned that one of the members of our community has tested positive for COVID-19 and is being treated accordingly. We would be remiss if we did not remind everyone to practice sound social distancing. If you are not in contact with a carrier of the virus or a contaminated surface you will not contract the virus. You will also not spread the virus if you are a carrier.

Starting on Tuesday 03/24/2020, the Westport Weston Health District will be hosting a drive-up testing service to test for COVID-19. More detailed information can be found at www.wwhd.org. The test will only be available to those patients who are experiencing symptoms and have a prescription for the test. If you are experiencing symptoms of COVID-19 contact your primary care provider for proper guidance. You can also call 211 for more guidance.

For those planning to visit our hiking trails, we urge you to refrain from parking on the roads when the parking lots are full. Violators are subject to fines and/ or being towed. It is important that emergency vehicles are able to reach all areas of town. As of today our fields and track facility are open to the public. Activities should be limited to those which allow for proper social distancing and limit physical contact. Although restaurants are not permitted to allow sit down dining, many are providing takeout and delivery services. If you are considering a dine-out option, we encourage you all to support our local businesses during these difficult times. Peter's Weston Market is also open for business and working hard to keep us all supplied. Peter's Spirit shop is also open and offers curbside pick up. Unfortunately, the Lunch Box will be closed until further notice starting this evening. We wish them luck and look forward to dining with them in the future.
