

03/25/2020

COVID-19 continues to accelerate and is rapidly spreading through Connecticut, with Fairfield County being the hardest hit. We regret to inform you that one of our community members has succumbed to his illness caused by COVID-19. Our condolences and sympathies go out to his family as they mourn their incredible loss. We are actively working with our partners in public health to monitor conditions in town in an effort to ensure a high level of health and well-being. To that end, information regarding test results is reported from many different sources. Subsequently, there is a significant lag in our receipt of confirmation of these results. For operational purposes we assume greater prevalence in our community and make safety recommendations accordingly. For those of you practicing strict social distancing, thank you!
#StayHomeStaySafe
