

03/30/2020

As we continue to evaluate the situation at our athletic fields, it has come to our attention that groups are planning to use the fields more for sport specific training. Subsequently, we have no choice but to close down the Weston Public School complex to all nonessential activities. All fields, courts, the track, playgrounds and all parking lots are closed to the general public until further notice. All essential employees of the Weston Public Schools and Town of Weston are exempt from this mandate and are permitted access as required.

Thank you to Superintendent McKersie and to the security personnel who agreed to help with this matter. The cooperative spirit in town is strong amongst it's leadership and we will continue to make the best informed decisions we can, with public health and well-being a priority. Our strongest recommendation is that if you are able to stay home and self isolate, do so as much as possible. When going out for essential needs, limit trips to one family member. Let's all continue to work together and flatten the curve, our medical workers could sure use the relief provided by us all doing our part!
#StaySafeStayHome

Thanks,

Joseph Miceli

Sergeant
