Not Attending: Kirby Brendsel, Carol Baldwin

Guest: Lily and Max Burns with a special guest, Magnolia Burns

Minutes Approved: Stirling/Vickie

Lily and Max: Discussion about the new regulations in place for the summer kids weeks. It was voted to not have the weeks for kids as we have in the past. We voted to make KidKits instead.

Anita: Drive In Movie: Discussed the benefit of charging per car vs a suggested donation. If we charge we will have to pay a licensing fee. We decided we will still ask for donations, but will make it more of a mandatory suggestion.

We need a portable generator. Max might have one. Terry might have one.

We sell this event out within hours.

Farmers Market: We will have folks sign up on line for their purchases as well as sign up for time slots in which to come pick up their purchases. We will have 15 people per 15 minutes

Terry: Giving Garden. We received a state of Connecticut matching grant. That with our GoFundMe page has fully funded the Giving Garden for the first year.

Ed: Goat House. It will be ready for the 'kids' in the next two weeks. Steve Wilson will begin with the roof soon.

Erica: The recycle/trash receptacles will be removed for the season.

Budget: We will receive that mid year.

Discussed the Steven Garby black fly compost. It was decided that he could place it behind the machine shop.
