

Minutes to the Weston Sustainability Committee Meeting

November 9, 2017

Attendees:

Natalie Terrill	Weston Sustainability Committee
Marc de Mul	Weston Sustainability Committee
Mike Murray	New England Smart Energy
Stephanie Weiner	New England Smart Energy
Jens Buettner	Weston Sustainability Committee

The meeting opened at 7:41 PM.

1. The minutes of the previous meeting on October 26, 2017 were unanimously approved.
2. HES (Home Energy Solutions) presented its home energy audit services. A letter will be sent to Weston utility customers on behalf of the Board of Selectmen explaining the program and offering HES and another vendor as options. HES offered to present a solar energy workshop in Spring 2018.
3. A new Weston Sustainability Committee (WSC) website is probably unnecessary since we can have a page as part of the town website. The committee Facebook site has been updated with a profanity filter and moderator filter, so only administrators can post content. Only current WSC members are administrators.
4. Karen Magee (Peter's Market) has offered to attend the December WSC meeting to discuss options for reducing plastic bag use. HES offered to sponsor reusable bags for a cash donation.
5. We are working on replacing exterior lights in the town with LEDs for financial and energy savings.

The meeting was adjourned at 9 PM.

The next meeting of the WSC is scheduled on Thursday, December 14.
