Weston Town Green Improvements

The following are clarification and response to questions that were brought up during the March 7, 2023 pre-bid site meeting and/ or submitted in writing to the Town.

1. The base of the existing monuments and boulders to be moved has not been identified. Please let us know if the boulders are setting on earth or somehow attached to some sort of base.
 1. See detail 3 on sheet D-3
2. Source of boulders to receive new monuments. Are the boulders the town has identified at one source or multiple sources? The fabricator would like to inspect the boulders prior to moving to be certain they can create a monument for said boulder.
 1. All of the boulders donated by Weston Residents will be brought to the site by the Town. The fabricator will be able to come to the project site to inspect them.
3. Fabricator would like better detail on the monument plaques and the material they will be made of as well as the amount of script to be engraved.
 1. See the attached PDF for the plaque sizes. Plaques Shall be Bronze to match the existing Honor Roll Plaque.
4. Fabricator would like to inspect boulders to be sent for cleaning to be certain they are not fragile and could have more harm done to them during the cleaning
 1. See answer for question #2
5. Clarification on the dedication marker to be cut from an existing boulder or from Barre grey granite
 1. The dedication markers shall be cut from an existing boulder or one donated by a Weston resident. Barre Grey granite is not acceptable
6. Can a base detail for the boulders be provided. There is a base detail for landscape boulders. Will the memorial boulder follow the same setting base?
 1. Yes see the answer for #1
7. What is meant by Bluestone Pavement Scored Concrete?
 1. See detail 8 on sheet D-1 for the score pattern. The pavement will be poured in place concrete with a pigment and score patten to look like bluestone paving.
8. What are the quantities for the site furnishings?
